

SG Consumer

brings joy
and supplies
**to local
animal
shelters**

Embodying the true spirit of Mandela Day, SG Consumer staff coordinated a unique initiative that brought smiles to both employees and furry friends alike. The business sent a group of enthusiastic staff members to visit local animal shelters, armed with generous donations collected from their clients. The teams spent 67 minutes at Animal Anti-Cruelty League Epping on the day, showering furry friends with love despite the terrible weather. Treats, playtime and cuddles made it a heart-warming morning for all.

Thanks to the generosity of its clients and team members, SG Consumer was also able to support the Germiston Bedfordview SPCA, the Kempton Park SPCA, Animal Allies and the Society for Animals in Distress.

The visit to the animal shelters was a win-win for everyone involved. The animals received much-needed supplies and affection, the shelter staff got some extra hands to help, and the employees of SG Consumer had the opportunity to engage in meaningful community service. Most importantly, it highlighted the positive impact that businesses can have when they leverage their resources and networks for the greater good.
