# Super Group reports exceptional results

## STRONG PERFORMANCE ACROSS THE PORTFOLIO

The Group reported excellent results across all key businesses and markets, supported by continued demand in its industrial and consumer-focused supply chain operations and a solid performance from Fleet Solutions. Spain-based distribution business Ader delivered a stellar turnaround, with strong demand across its home delivery, commercial and logistics segments.

The Dealerships division performed exceptionally well. In South Africa, new vehicle volumes outperformed the NAAMSA dealer market, while continued demand for Asian brands supported the addition of 11 new dealerships during the year. These included Chery, Geely, GWM, Jetour, Lepas, Omoda, Jaecoo, Mahindra and Tata.

In the United Kingdom, the Dealerships performance improved substantially, with new vehicle sales significantly outperforming the growth in the national passenger vehicle market. Chinese brands accounted for 24.9% of total new vehicle sales, up from 15.7% in the prior year.

Super Group enters the new financial year with strong momentum and a clear focus on accelerating earnings growth. Despite a volatile operating environment, the Group remains confident in its ability to unlock further growth, strengthen operational performance and selectively invest in opportunities that can deliver attractive, sustainable returns.
