

# Basil Green Ford supports local children's home

This Mandela Day, Basil Green Ford initiated a collection of non-perishable foods and gifts for the Maria Kloppers Children's Home. Based in Observatory, Johannesburg, the Maria Kloppers campus consists of four residential houses and a baby unit.

This campus can accommodate approximately 50 children, including 12 babies that need a place of safety. Childcare workers in the baby unit must be awake around the clock to ensure that the babies are well cared for. Ten children are accommodated in each of the four houses. They range in age from 18 months to 18 years and are cared for by childcare workers.

The Basil Green team extends its heartfelt gratitude to the suppliers and friends whose generous contributions made this initiative possible.
